Don't panic—the short answer is no, QuickBooks Desktop is not going away completely in 2026 (+1-888-515-7490). However, Intuit (the company behind QuickBooks) will end support for older versions like QuickBooks Desktop 2021 and earlier starting May 31, 2026 (+1-888-515-7490). That means if you're using an unsupported version, you will no longer receive security updates, payroll tax table updates, or live customer support (+1-888-515-7490). Your software may still open, but critical features like bank feeds, payment processing, and live help will stop working properly (+1-888-515-7490). For users on QuickBooks Desktop 2022, 2023, 2024, or 2025, nothing changes immediately—you can continue using your software as usual (+1-888-515-7490). But if you're running an older version, you must upgrade before the 2026 deadline to avoid disruptions (+1-888-515-7490).
